Keukenhof and Projects - Keukenhof и Проекты - Keukenhof und Projekte - 库肯霍夫和项目

To enjoy the beauty of our flowerbulbs even more you can visit our exhibit at the leading flower park, Keukenhof, each Spring. Each year we promote our latest varieties and like to highlight the romantic side to flowerbulbs. To further promote the industry we sponsor many projects around the country supplying bulbs for example to the Kröller-Müller Museum which boasts one of the largest collections of Van Gogh paintings in the world. You can also visit us at the following trade events:

Для того, чтобы насладиться красотой наших цветочных луковиц, вы можете посетить наши экспонаты в цветочном парке Keukenhof, выставка проходит каждую Весну. Каждый год мы продвигаем там наши самые новые сорта, подчеркивая романтику цветов. С целью дальнейшего развития производства, мы спонсируем много проектов по всей стране, например, музей The Kröller-Müller. Этот музей славится самой большой коллекцией в мире картин Ван Гога. Вы можете также посетить нас на следующих выставках:

Um noch mehr von unseren Blumenzwiebeln zu geniessen, könnten Sie jedes Frühling unsere Ausstellung im Keukenhof besuchen. Jedes Jahr fördern wir neue Sorten und finden es schön, um die romantische Seite von Blumenzwiebeln zu befördern. Auch, um die Industrie weiter zu promoten, unterstützen wir andere Projekte in Holland. Z.B. liefern wir Blumenzwiebeln an das Kröller Müller Museum, das eine der größten Gemäldesammlungen von Van Gogh hat. Sie könnten uns auch auf den folgenden Messen besuchen:

Tulip Trade Event 2020

From 2016, one of the Netherlands' most successful export products will get its very own promotional experience: the Tulip Trade Event. For three days visitors, and particularly those from abroad, will be warmly welcomed at the various exporting companies. Within a short timeframe, business partners will acquire clear insight into the assortments available. A superb occasion that will allow the Tulip Trade Event to promote, underpin and strengthen the export position of the Dutch tulip.

With participating businesses hailing from all corners of the Netherlands combining their open days, the first Tulip Trade Event is bound to hit the ground running. Exporters can showcase the assortments they have available in full bloom and to their very best advantage against the backdrop of their own premises.
The interest of foreign trading partners is sure to be energised by drawing international attention to the Tulip Trade Event. Given the excellent collaboration between the various tulip breeders and exporters, expectations for the fifth edition in 2020 are enormous. So make a careful note of these dates in your diary: 18 March through to and including 20 March 2020.
